### Did you know?

Most of the world's cocoa (the main ingredient in chocolate!) comes from small family farms in west Africa. Many cocoa farmers earn only about \$2 per day, and that has to feed a family of six!

We **ALL** can help!

**Buy direct:** Get your chocolate from companies that partner directly with farmers, like Divine and Equal Exchange.

**Spread the word:** Tell your friends what you've learned, and help your family and school make smarter choices when buying chocolate.
